

SPONSORSHIP & RENTALS

What is an eBus?

The eBus is a computer lab on wheels offering computer/Internet access and training. Through its mobility, an eBus can deliver technology access and education to any underserved community. Our eBuses are sponsored by corporate partners to deliver specific education and resources to targeted locations across the United States. This one of a kind, mobile technology center can also be rented out daily, weekly or monthly.

An eBus includes:

- Broadband Internet connections
 - two-way satellite – cellular broadband
- 10-16 Computers
- Microsoft Office Applications
- Onboard copier and printers
- Project Coordinator
- Driver/Technician
- Reporting Contact Information

Uses for eBuses have included

- Financial literacy education
- Foreclosure prevention
- Homeownership education
- Serves as a Testing Center
- Disaster relief
- Software demonstration and sales
- Occupational training
- Educational training
- College applications and financial aid info
- ESL education
- Voter registration
